

GorillaPod 3K

Price: PKR 18,000

Key Features

- Flexible Legs
- Supports DSLR and Mirrorless Cameras
- Compact & Portable Design

Complete Description

The GorillaPod 3K is a versatile and flexible tripod designed for photographers and content creators who need a portable and adaptable support system. Its flexible legs can wrap around objects or stand on uneven surfaces, providing unique angles and stability for creative shots.

It supports both DSLR and mirrorless cameras up to 3kg, making it suitable for a wide range of camera setups. Its compact and lightweight design allows for easy transport, making it ideal for travel, vlogging, and on-the-go photography.

Additional Highlights

- Adjustable ball head for precise camera positioning
- Ideal for time-lapse, macro, and low-angle shots
- Durable and lightweight for outdoor use
- Quick setup and easy adjustments
- Compatible with smartphones with appropriate mounts
