

GT1545T S-1 Tripod

Price: PKR 95,000

Key Features

- Carbon-fiber Legs (Light & Strong)
- Compact Folding Traveler Design
- Supports Load Up to ~10 kg

Complete Description

The GT1545T S-1 tripod is a premium tripod designed for professional photographers and videographers who need a lightweight, portable, and robust support system. Its carbon-fiber legs provide strength while keeping the tripod lightweight, making it easy to carry during travel or outdoor shoots.

The compact folding traveler design allows for convenient storage and transport, ideal for photographers on the move. It can support heavy camera setups up to approximately 10 kg, ensuring stability for professional-grade equipment and smooth shooting.

Additional Highlights

- Adjustable leg angles for uneven terrain
- Quick and secure leg locks for fast setup
- Durable and resistant to outdoor conditions
- Ideal for landscape, studio, and travel photography
- Compatible with DSLR, mirrorless, and medium format cameras
