

Panasonic ZS99

Price: PKR 685,000.00

Key Features

- 20.3MP MOS Sensor
- 4K Video & 4K PHOTO
- 180-Degree Tilting Touchscreen

Complete Description

The Panasonic ZS99 is a compact travel zoom camera designed for photographers and videographers who require versatility in a portable form. Its 20.3MP MOS sensor delivers sharp and vibrant images, while the high-speed processing ensures smooth performance and accurate colors.

The camera supports 4K video recording and 4K PHOTO mode, allowing users to extract high-resolution stills from video clips for maximum flexibility. The 180-degree tilting touchscreen is perfect for selfies, vlogging, and creative shooting angles.

Additional features include high-speed autofocus, built-in electronic viewfinder, Wi-Fi connectivity, and image stabilization, making the ZS99 suitable for both casual and professional use. Its compact design makes it ideal for travel and everyday photography.

Additional Highlights

- 30x optical zoom lens for versatile shooting
- Built-in electronic viewfinder (EVF) for precise framing
- In-camera image stabilization for sharp handheld shots
- Intelligent Auto mode for easy shooting in various scenarios
- Wi-Fi connectivity for file sharing and remote control
- High-speed continuous shooting up to 10fps
- Multiple creative filters and shooting modes
- Lightweight and compact design for portability
