

# PodMic Dynamic Microphone

**Price:** PKR 43,000

## Key Features

- Dynamic XLR Connection
- Internal Pop Filter & Shock Mount
- Warm Voice, Speech-Tailored Sound

## Complete Description

The PodMic Dynamic microphone is a professional-grade microphone designed for podcasters, broadcasters, and content creators. Its dynamic XLR connection ensures reliable and high-quality audio transmission for studio and live setups.

Featuring an internal pop filter and shock mount, the PodMic reduces plosive sounds and vibrations, providing clear, warm, and speech-tailored audio. It is ideal for voice recording, podcasting, streaming, and other spoken-word applications.

## Additional Highlights

- Durable and rugged construction for long-term use
- Optimized for vocal clarity and speech intelligibility
- Easy to integrate into professional and home studio setups
- Compatible with standard XLR interfaces, mixers, and audio interfaces
- Ideal for content creators seeking a professional-sounding microphone
