

Transcend 64GB

Price: PKR 7,500

Key Features

- Read Speed: 285MB/s
- Write Speed: 180MB/s
- V90 Video Speed Class for 4K/8K Video

Complete Description

The Transcend 64GB memory card is a high-performance storage solution designed for professional photographers and videographers. With read speeds of 285MB/s and write speeds of 180MB/s, it ensures fast data transfer and smooth recording of high-resolution content.

The V90 video speed class makes this memory card ideal for 4K and 8K video recording, allowing users to capture cinematic-quality footage without frame drops. Its durable and reliable construction ensures consistent performance even under demanding conditions.

Additional Highlights

- Supports high-speed continuous shooting and burst mode
- Ideal for professional 4K and 8K video recording
- Durable design for reliability in various environments
- Compact and portable for convenient use
- Compatible with cameras, camcorders, and other high-end devices
